

ACME Robotics - Company Overview

About us

ACME Robotics is a fictional company used here as a placeholder so that the RAGAGENT project runs out of the box. Replace this PDF with your own documents in the DOCS/ folder.

Office hours

Our headquarters are open Monday to Friday from 9:00 to 18:00. Customer support is available 24/7 by email.

Address

123 Example Street, 28001 Madrid, Spain.

Flagship product

ACME-X1 is a service robot designed for indoor environments. It uses LiDAR for navigation and supports voice interaction in English and Spanish.
